Dear Barbara:

On behalf of United Way of San Antonio and Bexar County and The Thompson Agency, we would like to say "thank you" for your continuing support. There are so many needs in the community, and United Way helps to meet those needs by providing the necessary funding to over 80 local San Antonio agencies.

Every year your station is inundated with requests for public service support. We know that it is important for you to choose among those charities that will do the most good. From year to year, KSAT has been a major contributor of PSA time for United Way. Without your support, United Way would be unable to reach the financial goals required to underwrite so many needs for community programs. Your time and effort is recognized and applauded.

We are once again asking for your support by providing public service announcements to help supplement this year's United Way campaign. The Thompson Agency will provide creative in the form of :10, :30 and :60 announcements to air from August 15th through November 13th.

KSAT's support is truly appreciated by The Thompson Agency, United Way of San Antonio and Bexar County, and all those individuals (and their families) who receive help from United Way-funded agencies.

Sincerely,

To Whom It May Concern:

On behalf of the Burbank Band Booster Organization, I would like to thank you for your contribution. Our carnival would not have been a great success if it were not for businesses such as yours. Your support of our carnival was greatly appreciated. Your donation was used as prizes for our game booths.

The monies made from the game booths will go toward supporting our Bulldog Band. The Band has done very well in recent competitions. The competition season has just begun and we are both starting off on a good note.

Once again, thank you for your contribution.

Sincerely yours,

Teresa H. Flores

Dear Mr. Joslyn :

On October 13, KSAT-12 aired an interview with our Program Director, Rose Gonzalez Perez, as part of the 12:00 O'Clock news with Tiffany Mock and Ted Garcia. The focus of the interview was the Girl Scouts' need for adult volunteers.

Immediately after the interview, our switchboard was jammed with incoming calls from people who wanted more information on volunteering for the Girl Scouts. In the next couple of weeks we continued to receive additional calls.

Thanks to KSAT-12, Girl Scouting will now be available to more girls in the San Antonio area !

Incidentally, KSAT-12 just ran a story on unscrupulous VCR repair shops. When a similar story ran in Tucson, Arizona a year or so ago, the TV station that had acquired the VCRs for the story donated them to local non-profits. If by chance, that is going to be the case with your VCRs, would you please consider the Girl Scout Council as one of the recipients. We certainly could use an additional VCR for training and program events.

We are indeed grateful for all the support that KSAT-12 has always extended to Girl Scouts. In closing, I just wish to add that I also made arrangements with another one of the local TV stations to carry the interview on adult volunteers at about the same time. That interview did not motivate any response at all. So, three cheers for KSAT-12 and the impact it has on our community !
